

# Hose Kink Prevention System

425 Aftermarket P/N 4186

Fits EPIROC® D50, D60, D65's

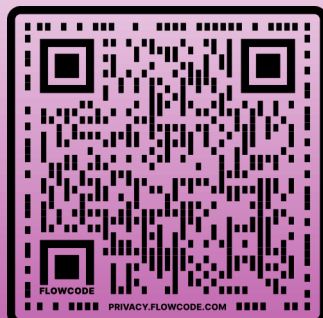

P/N 3834

Connection Pipe

Reverse angle to work  
with Hose Kink Prevention System.

Note: Must replace factory pipe with P/N 3483 to work properly with our system. As an added advantage our wall thickness is 2x's thicker than OEM / Factory for improved wear.

Check it out Here...
